- What it Controls.
 - **Presentation Sources:** DVD, VCR, & Document Camera
 - **Video Projection:** Video Projector & Screen Controls
 - **Room Lighting:** Dimming and Fluorescent Light Control

System Power Up and Shut Down

Main System Power
OFF

After your session is over END and Select OFF to shut system OFF. The button should then turn GREEN to indicate that the system is OFF.

Main System Power ON
Will be highlighted red when system is in the ON state. PLEASE WAIT will stay on until system is ready for use.

Start Presentation

After System is in the ON state the USE Button takes you to the MAIN OPERATIONS Pages.

When you have turned off the system and are ready to end select EXIT SYSTEM to take you back to the start page.

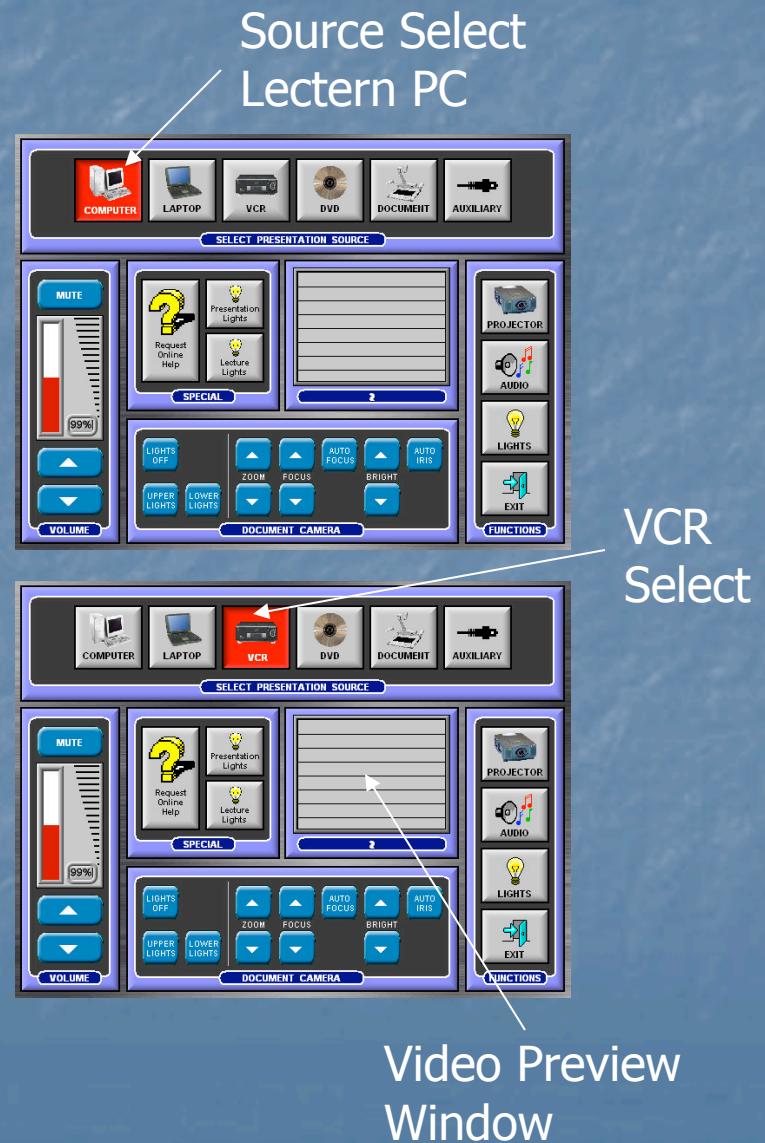

Main Operation Page

Source Selection

- Sources (Video and Computer)
 - DVD
 - VCR
 - Document Camera
 - Auxiliary Interface (Top Right of Lectern)
 - Lectern PC
 - Laptop Interface (Top Right of Lectern)

Selecting Your Source

- On the Main Operations page across the Top of the page you will find buttons for your sources. When sources are selected they will toggle to the RED button state. The source should be on the projector as well as the preview window on the **Touchpanel**. On the slide to the top right shows the Lectern PC selected.
- The next picture shows VCR Selected.

Transport Functions

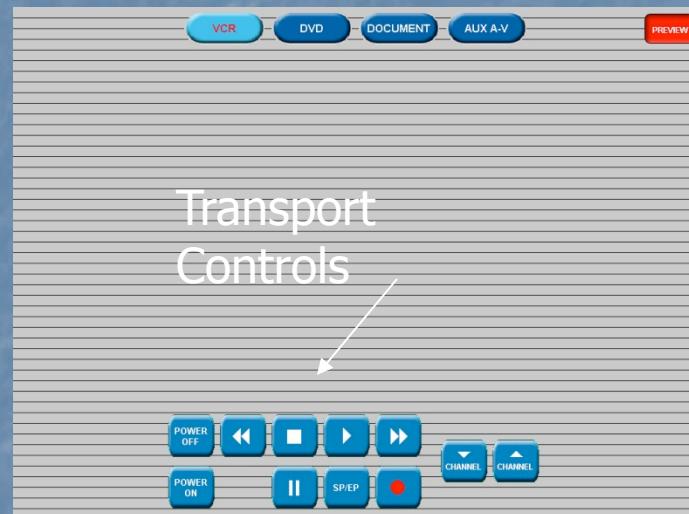

Transport function for equipment that has them will be located on the bottom of the page. Your source will have to be selected in order to show the Transport functions. Also indicated will be the power status of your source.

Using the Preview Windows

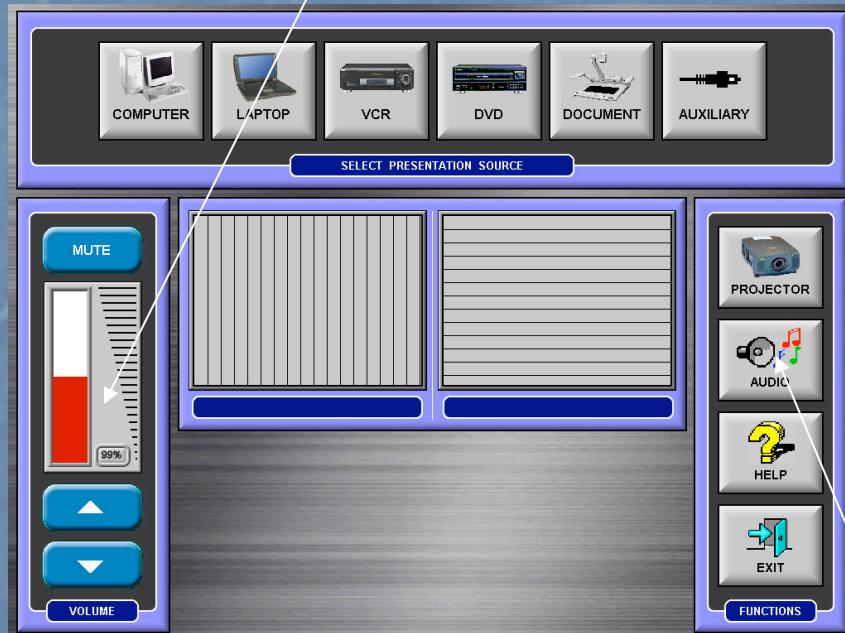

- Preview Windows have two states, Full Screen and Small Screen. To switch between the states simply touch the window and it will toggle between screens.
- Full screen mode gives the option of viewing other sources without switching the projector. Simply touch the preview button in the top right corner to display the sources and then select your source. Transport controls will display at the bottom of the screen. To project the source on the projector simply select the source from the operations page.

Preview Pages Full Screen
